RURAL ELECTRIC COOPERATIVE	)	
CORPORATION FROM NOVEMBER 1, 1984,	)	
TO OCTOBER 31, 1986	)	

O R D E R

Pursuant to 807 KAR 5:056, Sections 1 (11) and 1 (12), the Public Service Commission ("Commission") issued its Order on November 14, 1986, scheduling a hearing to review the operation of the fuel adjustment clause of Cumberland Valley Rural Electric Cooperative Corporation ("Cumberland Valley") for the past 2 years and to determine the amount of fuel cost that should be transferred (rolled in) to the base rates in order to reestablish the fuel adjustment charge. Cumberland Valley was not required to appear at the scheduled hearing unless an appearance was requested by the Attorney General's Utility and Rate Intervention Division or other interested parties or by the Commission on its own motion.

Cumberland Valley filed all requested information, including its monthly fuel charges for the 2-year period under review and its affidavit of compliance with the provisions of the fuel adjustment clause as prescribed in 807 KAR 5:056. Following proper notice, no party of record requested Cumberland Valley to appear at the hearing scheduled for February 10, 1987.

The Commission approved a transfer (roll-in) of <1.46> mills per KWH to the base rates of Cumberland Valley's wholesale supplier, East Kentucky Power Cooperative, Inc., ("East Kentucky") in Case No. 9731. Approval of East Kentucky's proposal requires that Cumberland Valley also be authorized to roll-in those same fuel costs to its base rates.

The Commission, having considered the evidence of record and being advised, finds that:

1. Cumberland Valley has complied in all material respects with the provisions of 807 KAR 5:056.

2. Cumberland Valley's wholesale supplier has been authorized to transfer (roll-in) to its base rates fuel costs of <1.46> mills per KWH in Case No. 9731.

3. Cumberland Valley should be authorized to decrease the rates charged its customers by 1.55 mills per KWH in order to transfer fuel costs rolled-in by East Kentucky from the fuel adjustment clause to the base rates pursuant to the Commission's Order in Case No. 9731 and applicable line loss, and this can best be accomplished by a uniform reduction in all energy rates.

4. The revised rates and charges in Appendix A are designed to reflect the transfer of fuel costs from the fuel adjustment clause rate to the base rates.

IT IS THEREFORE ORDERED that:

(1) The charges and credits applied by Cumberland Valley through the fuel adjustment clause for the period November 1, 1984, through October 31, 1986, be and they hereby are approved.

(2) Cumberland Valley be and it hereby is authorized to transfer to its base rates fuel costs transferred (rolled-in) by its wholesale supplier pursuant to Case No. 9731.

(3) The rates in Appendix A be and they hereby are approved for service rendered by Cumberland Valley on and after May 1, 1987, which is also the effective date for East Kentucky's rates.

(4) Within 30 days from the date of this Order Cumberland Valley shall file with the Commission its revised tariff sheets setting out the rates approved herein.

Done at Frankfort, Kentucky, this 28th day of April, 1987.
